## Pupil premium at Borden CEP School 2016-2017

The pupil premium is an additional sum of money given to children receiving free school meals ( in the past 6 years. It is stated by the Government that the pupil premium children are more likely to underperform at school and it is also suggested that they are linked to SEN.

The main aims of the pupil premium are to:

- Reduce the attainment gap between the highest and lowest achieving pupils.
- Increase social mobility.
- Enable more pupils from disadvantaged backgrounds to access the best education.

Schools are required by law to report how the Pupil Premium Fund has been spent, the impact of this and also details of how the current year's funding will be allocated.

Borden CEP School spends the Pupil Premium supporting the needs of our vulnerable pupils in the form of:

- Extra tuition in Maths, Reading and Writing and GPS (with teachers and TAs). Throughout the year, progress of all pupils eligible for Pupil Premium is regularly tracked to ensure that priority is given if they are at risk of falling behind their peers or if their progress is not as expected.
- Specific TA support within class for SEN pupil premium children.
- Wellbeing groups to support the emotional and social needs of pupil premium children with a specifically trained TA.
- 1:1 mentoring for all pupil premium pupils
- Targeted resources are purchased to support learning in the creative/connected curriculum
- Facilitating enrichment activities
- Facilitating motivational activities
