

Safer Internet Day 2017

Tuesday 7th February

'Be the change. Unite for a better internet.'

Borden CEP School

Activities Around School

Willow

Hector the Protector– keeping personal information private

Hector's World

Drawing an adult that you trust

Maple

Creating a table showing information you can and cannot share online.

Staying safe whilst online gaming.

Treating people online as you would in the playground.

Hector's World and Lee and Kim

Cherry

Communicating well via email and looking at when attachments should not be opened.

Writing emails.

Beech

Deciding whether photos or images are okay to share online.

Digital footprints– photos stay online forever.

Positive online impressions.

Visit from police.

Chestnut

Opening attachments and communicating appropriately online.

How to conduct yourself when emailing.

CEOP button and how to report unsafe sites. Creating posters.

Visit from police.

Assemblies held this week...

Tuesday– what to share and what not to share online.

Friday– assembly by Hannah and Chase, our digital leaders.

The internet is a wonderful way to communicate with others, to research, to watch videos and listen to music. At Borden Primary School, we encourage the children to enjoy using the internet appropriately and we also share with them a range of strategies to keep safe online.

Over the years, the internet has become a 'go-to' tool for us all. You can't think of the name of a song– you google it. You haven't seen an old friend for years– you search for them on Facebook. It is a concern, however, how this will affect our children in the future. Will they appreciate their baby photos and anecdotes being shared with the world when they are older? Will their future bosses be able to find out

stories from their past? It's certainly worth checking your privacy settings on social media sites so that you can secure their privacy as much as possible.

It's shocking to find out that six year olds today are as digitally advanced as ten year olds were three years ago. We must ensure that as responsible adults and parents that we also keep abreast of technology. Do you know some of these slang words or acronyms that your children could use whilst messaging?

WWTP? (L)MIRL OURX

(Answers below)

Talk to your children about online safety. Have access to their accounts and keep an eye on any worrying behav-

our.

Hannah and Chase from Beech and Chestnut class spent the day at the Police HQ, training to become 'digital leaders'. They will be on hand, with the help of the teachers for your children to speak to regarding any online concerns including content, bullying or inappropriate communication.

COMING SOON!
Parents Info Evening

If you have any questions or concerns...

...Please come in to talk to us! We can advise you on what to do in certain situations, or point you in the right direction of someone else who can help.

Remember, keep positive but informed!

We will be showing e-safety clips and PowerPoints at Parents Evening on the 22nd and

23rd of March, which will give you another opportunity to learn about the importance of keeping safe on the internet, what to do if you are concerned about your child and how to keep informed on what your child is doing online.

How your children can make an online report:
